

**SoftComply**  
Document Manager

# SoftComply Document Manager

Compliance-ready document control for Confluence

Turn Confluence into a fully 21 CFR 11-compliant workspace with workflows, electronic signatures, and audit-ready document control — without losing Confluence's flexibility.

## Key Features

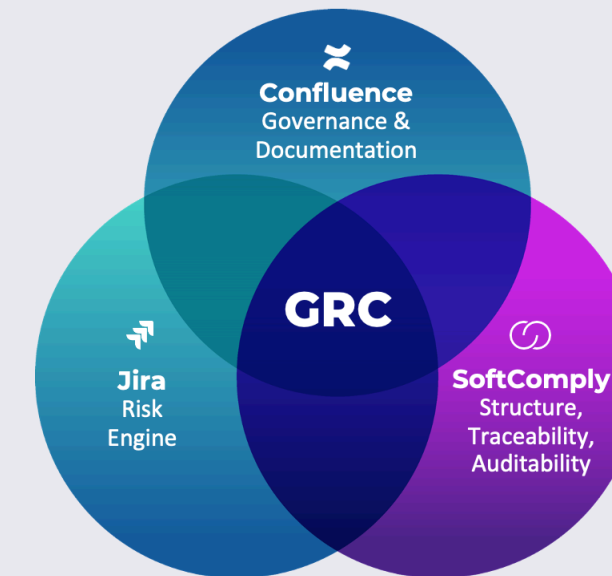

- Out-of-the-box configuration for easy deployment
- Customisable workflows and TOTP-based e-signatures
- Controlled templates for approvals and versioning
- Structured forms with field-driven transitions
- 21 CFR 11 compliant to ensure compliance requirements in the EU and other regulated markets
- Built on Forge and validated by SoftComply

## Who's it for

Quality and Regulatory Managers in MedTech, Pharma, and Healthcare SaaS teams needing compliant document management inside Confluence

## Part of the GRC Solution

- Part of the [SoftComply GRC Solution](#)

## Pricing

- Flat USD 47/month (up to 10 users)
- \$4.30 per user/month (11–100 users)
