

SoftComply

Risk Manager PLUS

# SoftComply Risk Manager Plus

Advanced Risk Management for Jira Cloud

Manage organizational, cybersecurity, and safety-critical risks directly in Jira — with built-in templates, dashboards, and traceability that make compliance effortless.

## Key Features

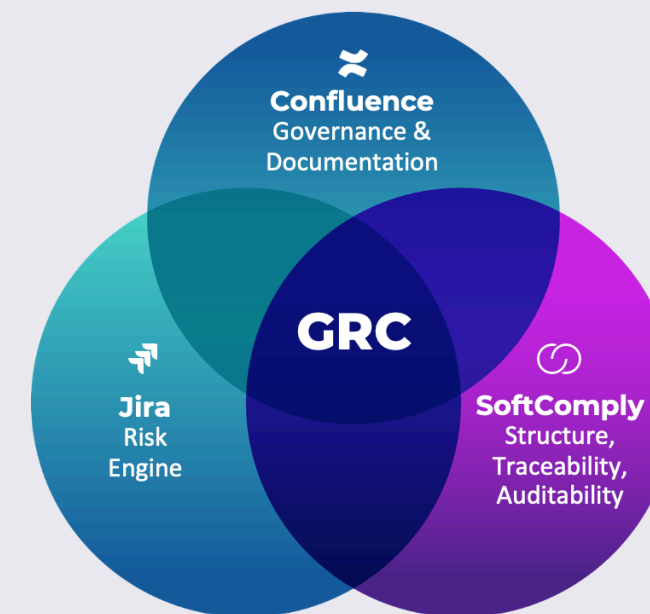

- Works with major frameworks: ISO 27001, NIST, DORA, FDA/MDR, CVSS
- Multi-Dimensional 2d, 3d and Score Based Risk Models
- Ready-to-use risk matrices and registers
- Editable multi-sheet risk views for full visibility
- Automated compliance tracking and dashboards
- Embedded Traceability view along with Asset and Controls Library
- Forge-built for speed, security, and scalability

## Who's it for

- CISOs & CTOs
- Product Managers and Compliance Managers
- Tech Leaders consolidating risk management on Jira

## Part of the GRC Solution

- Part of the [SoftComply GRC Solution](#)

## Pricing

- Free for up to 10 users
- \$4 per user/month for 11–100 users

# Feature Comparison of Risk Management apps on Jira Cloud

FEATURE	SoftComply Risk Manager Plus	Risk Register	Hedge Risk Management
<b>Scalability of Risk Models/Matrices</b>	<ul style="list-style-type: none"> <li>• 2 or 3 dimensional Risk Matrices</li> <li>• RPN (Risk Score based) models with up to 10 user-defined Risk Characteristics (Severity, Likelihood, Detectability, etc)</li> <li>• Nested Models (User defined child model(s) are input to the Parent model's risk characteristic)</li> <li>• Risk models support up to 10 user defined iterations (e.g. Initial, Current, Target)</li> </ul>	<ul style="list-style-type: none"> <li>• customisable 2-dimensional Risk Matrix and RPN</li> <li>• 2 Risk Characteristics</li> <li>• 2 Risk Iterations</li> </ul>	<ul style="list-style-type: none"> <li>• customisable 2-dimensional Risk Matrix with RPN</li> <li>• 2 Risk Characteristics</li> <li>• 2 Risk Iterations</li> </ul>
<b>Main Use Case</b>	<ul style="list-style-type: none"> <li>• product safety risk management</li> <li>• information &amp; cybersecurity risk management</li> <li>• organisational risk management</li> <li>• project risk management</li> </ul>	<ul style="list-style-type: none"> <li>• project risk management</li> </ul>	<ul style="list-style-type: none"> <li>• project risk management</li> <li>• product risk management</li> </ul>
<b>Fully Editable Risk Registers</b>			
<b>Templates for Quick Onboarding</b>			
<b>Risk Reporting in Confluence</b>			
<b>Built-in Risk Dashboard for Traceability</b>
